

Logo Text: Social and Date Accelerator

Theme I'm using: <http://wrapbootstrap.com/preview/WB0N6N6N2>

Logo is for a membership website that teaches dating and social skills for men.

Colours need to work for the theme above (it will be on the theme above so it would be good to see examples put on the website)

Icon: Needs an icon

I like my current icon for coreevolve.com so maybe some variation of that icon could work but open to other ideas as well.
